

SUPERNOVA

An explosion of energy and color, Seattle's Supernova nightclub gives its clientele a never-ending trail of moments meant to surprise and delight. Designed by Mutuus Studio—with the goal of creating a safe and welcoming environment for women, BIPOC, and all members of the LGBTQIA+ community—the double-level club includes a vintage VW bus converted into a bar; a selfie-worthy lounge decorated with an eye-popping, brightly colored installation of amoebic forms that curve down from the ceiling in rows; a vintage GTE pay-phone booth; and more. Patrons are sure to discover something new with every visit. ✦
